

State Certified Analytical Laboratories

Certification needed The state of California certifies laboratories to ensure that laboratory testing is done in accordance with scientific standards. The state certification program results in accurate and reliable analytical testing which helps to protect public health.

State Program Certification is achieved through the California Department of Health Services, Laboratory Science Division. For more information, visit their website at <http://www.dhs.ca.gov/ps/ls/default.htm>.

Contact the Environmental Laboratory Accreditation Program at (916) 449-5616 or (916) 552-9985 or online at <http://www.dhs.ca.gov/ps/ls/ELAP/default.htm>.

Certified laboratories Here is a courtesy list of some certified laboratories in the Sacramento area. Please note that inclusion on this list *does not constitute an endorsement* of the services offered. For a complete listing of certified laboratories, please refer the state's [complete list of certified laboratories](#).
